C. Community Support

Per our [mission statement](#), CTCF acts as a "bridge" between donors and nonprofits, and currently provides support to over 50 different Funds. Funds like Donor Advised Funds support local individuals and their philanthropic goals with both indirect and indirect benefits.

The indirect benefits of a DAF are actually direct benefits for other types of Funds we support, such as Donor Designated Funds (DDFs). [CLICK HERE and go to page 2](#) to see how CTCF **SAVES hundreds of thousands of dollars** each year for local nonprofit groups.
