LOI - About Your Organization

Organization Mission

The Mission of Hope Alliance is to assist those whose lives have been affected by Family Violence and Sexual Assault by providing safety, services and developing partnerships that lead to hope, healing and prevention.

Organization Vision

Hope Alliance believes that physical, sexual, emotional, psychological, or financial abuse of one human being by another is unacceptable. All abuse diminishes or prohibits the full expression of life and growth that is every person's right. The services provided by our staff are designed to create positive change in the lives of survivors of family and/or sexual violence and to equip survivors with the knowledge and skills necessary for them to break the cycles of violence in which they live. Hope Alliance staff are committed to advancing the Mission by supporting the organization's efforts to improve our community's knowledge of the dynamics of abuse. The Vision of Hope Alliance is to save and transform lives affected by Family Violence and Sexual

Assault and to provide hope to future generations through prevention. Hope Alliance helps victims of all ages move along a continuum to become Survivors and then to become "Thrivers."

Describe your organization's scope of work

Hope Alliance assists victims of Family Violence and Sexual Assault by providing services and developing partnerships that lead to hope, healing and prevention. Hope Alliance's purpose is to help these victims become survivors, find hope again, heal, thrive and become self-sufficient. There are no other agencies within Williamson County that provide comprehensive services to Family Violence and Sexual Assault survivors and their families.

Hope Alliance (HA) provides free emergency shelter for victims of Family Violence and/or Sexual Assault. Hope Alliance's staff also provide a variety of free, trauma-informed, wrap-around, culturally-sensitive intervention services including a 24/7/365 crisis hotline, crisis chat, crisis intervention, in-person and video trauma-informed counseling, legal advocacy, transitional housing costs assistance, information about resources available for basic needs for families or individuals, transportation to appointments for basic needs, case management, safety plans, accompaniment to the hospital and court, and child care. Hope Alliance also provides prevention education and stabilization to help victims of Family Violence and Sexual Assault on their journeys to violence-free lives.

A "Unit of Service" is defined by government-related grantors as a 1-hour, face-to-face session with a client. Our government-related grantors have identified more than 50 different types of Units of Service that Hope Alliance provides and tracks. In 2019, Hope Alliance provided 35,902 Units of Service over a duration of 37,500+ hours. In 2020, even with a reduction in services due to the COVID-19 pandemic, we still produced 32,476 Units of Service over a duration of 32,960 hours. Our services are comprehensive, broad and deep. We help clients break the cycles of violence in which they live.

Proposal Narrative

Describe how GHF grant funds will be used, if awarded. Please be sure to explain how your organization and this funding request aligns with GHF's Mission, Vision/Vision Philosophy, and Target Population. Specifically identify the target population with which you will be working.

2020 was an unusual year due to the pandemic. The number of clients served, the number of units of service produced, etc., went down, presumably because of "Stay Home Stay Safe" orders issued by the Williamson County Commissioner's Court. The total number of clients served per year has averaged slightly over 2,800. Of the 2,800 served on average, 7% have been residents of Georgetown, which translates into 190 to 200 Georgetown residents served per year by all services offered by Hope Alliance. The actual number of Georgetown residents served in 2020 was 120, and of these, 41 received Sheltered Nights of Safety. Through our Hope Alliance Georgetown Project, we expect to provide services for between 120 and 200 Georgetown residents in 2021. Of those that receive face-to-face, one-on-one services, 30% to 35% actually receive Sheltered Nights of Safety in our 30-bed Emergency Shelter. While the number of clients served in 2020 dropped a bit due to COVID-19, the average stay in our Shelter actually increased from 22 days to 28 days, and longer stays in the Shelter increased our expenses per sheltered client to \$2,937. The \$50,000 requested will subsidize the total cost of this project, which in 2021 is budgeted to be \$904,979.

Our target population are Georgetown residents who are victims of family violence and/or sexual assault. Most clients are low to moderate income. Our services will be provided in Round Rock, Texas. All services will occur at the Hope Alliance Emergency Shelter or the Hope Alliance Counseling Center. We expect to serve between 120 and 200 victims with residences in Georgetown. Funding from this award will be used to serve all Georgetown residents who are victims of family violence and/or sexual assault.

Hope Alliance provides free direct services and develops partnerships that lead to hope, healing and prevention. Our goals are to 1) advocate for and create a community in which violence is not tolerated; 2) provide education, prevention, trauma-informed counseling, crisis intervention and other wrap-around intervention services that meet the myriad of needs victims have as they work to recover and work towards violence-free lives; and 3) secure the resources needed to carry out the organization's mission - to assist those whose lives have been affected by Family Violence and Sexual Assault by providing safety, services and developing partnerships that lead to hope, healing and prevention. Hope Alliance operates under the belief that physical, sexual, emotional and psychological abuse of one human being by another is unacceptable. We believe that all abuse diminishes or prohibits the full expression of life and growth that is every person's right. Our approach is empowerment-based advocacy. When victims are given the sources and support that they need then they can thrive. The work of the agency and our funding request align with GHF's Mission and Vision/Vision Philosophy to generate positive change in the community; empower individuals in our community to build and sustain healthy and productive lives; and help provide victims a safe place where they can heal and begin their journey of physical, mental an social well-being.

Hope Alliance's target population for the purpose of this grant request align with the target population of GHF. Hope Alliance serves victims of Family Violence or Sexual Assault of all ages living within Georgetown and its extra-territorial jurisdiction. Hope Alliance does not track income because our services are provided free of charge regardless of socioeconomic status. However, we believe that at least 80% of all our clients are at or below the federal poverty level when their partners' incomes are omitted.

LOI - Relationship with Georgetown and GHF

Collaboration

Printed On: 11 June 2021

In what ways do you collaborate or coordinate your services with other local organizations to serve Georgetownarea residents?

Hope Alliance has Memorandums of Understanding (MOUs) with all law enforcement departments throughout the county; Scott and White Medical Clinic; Cedar Park Regional Medical Center; Johns Community Hospital; Bluebonnet Trails MH/MR Services; the Williamson County Children's Advocacy Center; Liberty Hill Resource Center; Texas Rio Grande Legal Aid; The Round Rock Area Serving Center; Children at Heart Ministries; and, Opportunities for Burnet and Williamson Counties (OBWC).

Hope Alliance partners with almost every school district in the county. Through these collaborations, Hope Alliance attempts to meet the myriad needs survivors and their families have as they work to recover from their victimization and equip themselves with skills to prevent re-victimization. For instance, the partnerships with local law enforcement enhance clients' ability to pursue justice, an important part of the healing process for many survivors. Hospitals assist in healing illnesses that have often gone untreated because of the energy and attention clients must invest in simply staying alive. The Round Rock Area Serving Center and The Caring Place assist with clothing, food, rent deposits, and other financial need.

The agency also coordinates with a number of other organizations that assist with financial education, skills-based learning such as garden clubs, and others that provide important contacts to resources such as apartment locators, car dealerships and job placement organizations.

Children at Heart Ministries is the umbrella organization for STARRY (Service to At Risk and Runaway Youth) and a number of other programs that serve abused children. We refer clients to STARRY for longer-term housing. STARRY acts as a referral source into our counseling, shelter, and legal advocacy services. Also, Space in LifePointe Church in Hutto has provided for our intervention services. We receive financial support from a number of churches and have had many of their members complete volunteer projects for us.

Finally, all of these organizations serve as referral sources to Hope Alliance services.

Describe your organization's work in Georgetown

Emergency Shelter for Georgetown residents who are victims of Family Violence or Sexual Assault will be provided in Round Rock, Texas at the Hope Alliance Emergency Shelter.

Hope Alliance operates a free Emergency Shelter for victims of Family Violence or Sexual Assault and their children. The total number of individuals that can be served in the shelter is 30 in one day/night. Within 24 hours of a victim's admittance into the shelter, the victim/client is assigned a case manager who meets with the client weekly. At the first meeting, the client and case manager work collaboratively to

develop a list of goals that the client will work to achieve while in the shelter. These goals are short and long-term goals.

Clients have access to legal advocates, crisis counselors, and peer counselors. Clients have access to a clothing closet, basic toiletries and food for meals and snacks. All our services are provided free of charge.

Our shelter is the only domestic violence shelter in Williamson County that offers comprehensive wraparound intervention services to victims and their families. The large majority of victims sheltered are women and children. Our typical client is a mother with two or three children with no other safe place to live.

Hope Alliance staff provide residents with their shelter basic needs and child care service in tandem with other self-sufficiency initiatives. Clients and their children have a greater sense of security and belonging upon entering the shelter. Hope Alliance staff increase the victims' knowledge about the resources available to them and their families upon exiting the shelter.

Upon exit from the shelter, at least 85% of the clients will:

- Have an increased sense of security upon exiting the shelter,
- A decreased sense of hopelessness,
- · Have increased knowledge of available resources to aid in their journey, and
- Leave with an enhanced set of skills to help avoid re-victimization.
